

LIVE CONNECT[®]
Freight Execution Software for Shippers and 3PLs

TRUCKLOAD | LTL | LOCAL CARRIER | PARCEL

About Banyan Technology

Banyan Technology is the leading provider of over-the-road (OTR) shipping software delivering enterprise-level, end-to-end freight execution solutions through our patented LIVE Connect® platform.

3X

More Carrier connections than any other provider.

98%

Market coverage in North America.

25,000

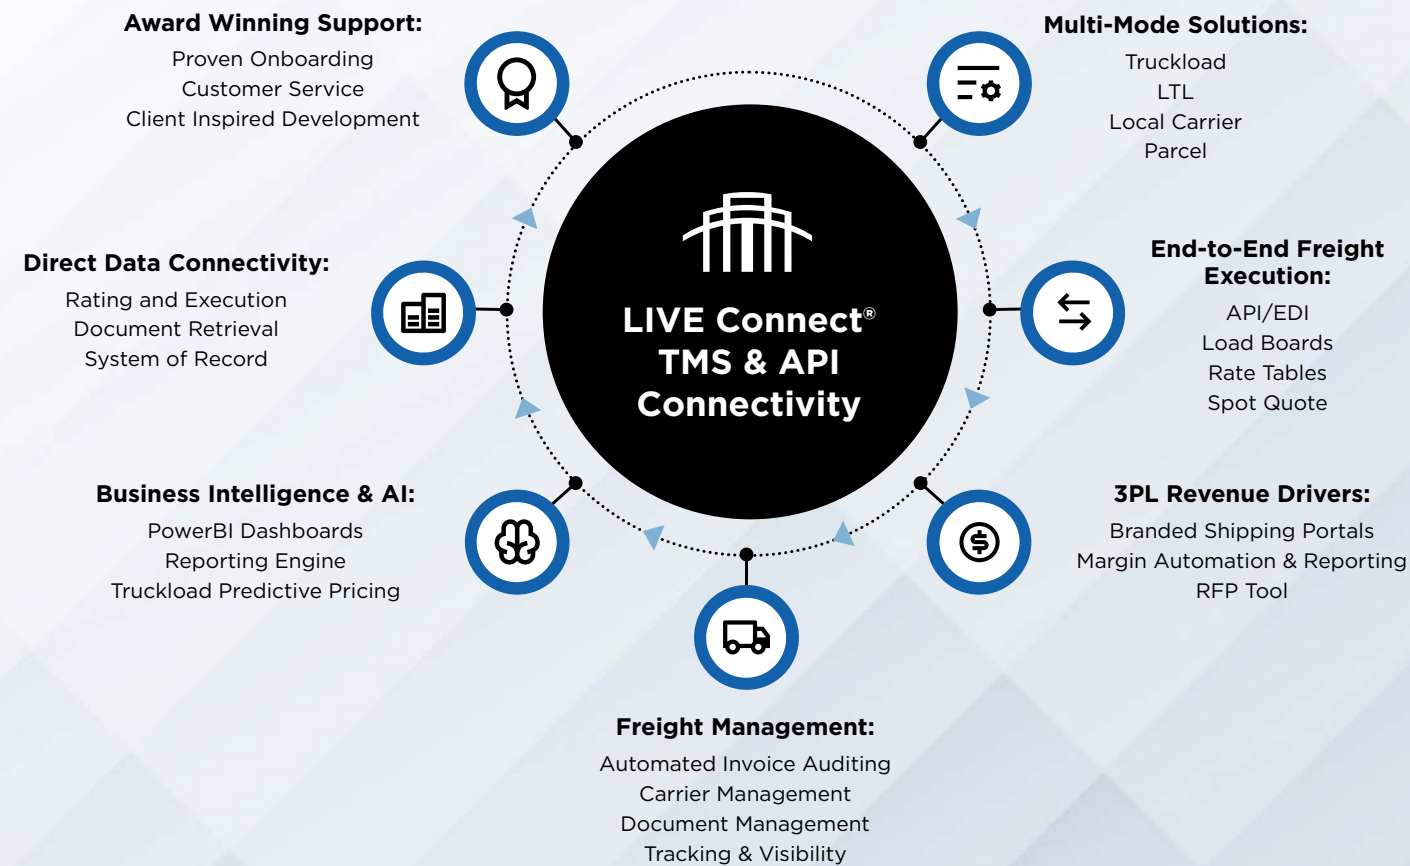

Registered Shipper and 3PL users.

1M+

Loads managed every month across all modes.

Seamless Freight Execution

Clients experience seamless freight execution that creates time and direct dollar savings across the freight life cycle.

LIVE CONNECT

Make Better Freight Buying Decisions

LIVE Connect is your primary transportation management system (TMS) or direct data connectivity platform (API) that supports your existing systems. A comprehensive suite of AI and BI tools help automate manual shipping processes and identify cost-saving opportunities through multi-mode rate and Carrier comparisons.

System Integrations

Integrate Banyan's LIVE Connect software with your ERP, TMS and WMS solution to deliver expanded Carrier connectivity, end-to-end freight execution, real-time tracking and reporting, and a unified system of record.

For information on additional system integrations, visit our website banyantechnology.com or contact us at: info@banyantechnology.com • (844) 309-3911.

More than 4,000 Shippers, 3PLs and Brokers trust Banyan to help them move more than \$50 billion worth of freight each year.

3PLS & FREIGHT BROKERS

We are so impressed and pleased with the Banyan team. Having the ability to collaborate makes Banyan a true partner,

Oscar Carmona

COMMERCIAL SHIPPERS

It's fun, kind of like using a travel site. There's satisfaction getting a live rate cheaper than our old ways... from an organizational perspective, it's a reliable solution..."

Clay Cooper
