

LIVE Connect™
Driving Industry Leading
Innovation, Efficiencies and
Cost-Savings

THE BANYAN COMMITMENT

Uniting. Empowering. Revolutionizing supply chain logistics.

Banyan Technology provides innovative, flexible solutions for Less-Than-Truckload (LTL), Truckload (TL), first and final mile, and Parcel shipping. Our real-time intel, actionable insights, and instant access to information helps drive greater operational efficiencies and cost savings for Shippers, 3PLs, and supply chain partners.

BANYAN TECHNOLOGY IS...

The industry's most flexible freight technology solution with the most carrier connections. Our LIVE Connect™ technology solution delivers innovative resources to help clients make better freight buying and managing decisions through increased access to data and shipment visibility, saving time and money.

- A leader in Logistics Technology for 10+ Years
- Headquartered in Cleveland, Ohio
- Custom development and patented technology maintained in the Azure environment
- Serving Shippers and 3PLs with their over-the-road (OTR) logistics needs throughout North America
